

## \$100,000 FOR HIGHWAY FROM ADA TO ALLEN

State and Federal Govern-  
ments To Match County  
Dollar for Dollar.

State and federal aid will be  
given Pontotoc county for hard-  
surfacing the road leading from  
Ada to Allen, a distance of approx-  
imately 26 miles. Engineers rep-  
resenting both the state and federal  
highway departments went over the  
road yesterday with county officials  
and the project was approved by  
both. The county's appropriation of  
\$50,000 will be matched by the  
state and federal government, and  
the \$100,000 will be spent to hard-  
surface the road as far as that  
amount will provide for.

Capt. J. D. Fauntleroy, engineer  
for the United States bureau of  
public roads in charge of the Sixth  
public district, which includes the  
states of Texas, Louisiana, Arkan-  
sas and Oklahoma, headed the party  
of engineers who went over the  
proposed project yesterday. Captain  
Fauntleroy was accompanied by E.  
S. Alderman, senior engineer for  
the bureau of public roads for the  
state of Oklahoma. Major Robert C.  
Terrell, state highway engineer for  
Oklahoma, represented the state,  
and Earl W. Ramsey, district en-  
gineer for the state, was also with  
the party.

The party was met at the Byng  
bridge over the Canadian river by  
William Brumley, chairman of the  
board of county commissioners; J.  
D. Pace, county commissioner; M.  
T. Garner, clerk of the board of  
county commissioners, Warren E.  
Moore, county road engineer, and  
O. N. Walker, secretary of the  
Chamber of Commerce.

It was decided that the road  
should be hard-surfaced with gravel.  
This will entail a cost of approx-  
imately \$9,000 a mile, and it will  
only be possible to improve a part  
of the road with the available funds.  
The engineers decided that this  
should be done, however, and that  
the road can be finished, as soon  
as additional funds are provided.

To Use Convict Labor.  
The county commissioners voted  
to use convict labor in building the  
road. Application was made to the  
state, and the convicts will be sent  
as soon as everything is ready to  
begin work on the road. It is esti-  
mated that with convict labor do-  
ing the work, the funds can be  
made to provide for at least one-  
third more than if ordinary labor  
were employed. The convicts will  
be in charge of a state overseer  
and the work will be done under  
the supervision of the county en-  
gineer, in accordance with plans sub-  
mitted by the state and federal  
departments.

Mr. Walker states that an effort  
is being made to call a township  
election for a bond issue to im-  
prove all of the roads in this  
township. The state engineer, he  
said, recommends that the township  
vote a bond issue to fix the road-  
beds, and that the counties in the  
township vote bond issues of their  
own to hard-surface and finish the  
roads.

One Million Needed.  
It is believed that approximately  
\$1,000,000 is needed to give Pon-  
toto county a complete system of  
good, hard-surfaced roads reaching  
out into all of the farm districts.

## CENSUS FIGURES

By the Associated Press  
WASHINGTON, Oct. 5.—Census  
of states as follows: Kansas 1,769,  
385, increase 78,236 or 4.6 per-  
cent; Arizona 333,273, increase  
128,919 or 63.1 percent; North  
Carolina 2,555,486, increase 350,  
199 or 15.9 percent.

## Women Speak Tonight

Mrs. Trexler of Sapulpa and Mrs. Cora Smith of  
Oklahoma City, two among the best known democrat  
women speakers in the state, will speak at the district  
court room at 7:30 this evening.

The speakers are anxious for all the ladies of the  
city who can possibly do so to turn out to this meeting  
as they have a message distinctly for them.

Men, of course, are invited, and they would like to  
have as many present as possible, but these ladies are  
speaking under the auspices of the democratic state  
headquarters and their work is especially among women.  
Let Ada give these ladies a good audience.

## Cleveland Wins First Game of World's Series

BROOKLYN, Oct. 5.—Cleve-  
land today won the first game  
of the world's series by a  
score of 3 to 1.

NEW YORK, Oct. 5.—Clear,  
cool weather with a slight  
breeze greeted baseball fans  
today for the first game of  
the world's series between  
Brooklyn and Cleveland. The  
diamond at Brooklyn was re-  
ported to be in fair condition.

## COURT UPHOLDS CONVICTION OF 94 I.W.W. RADICALS

Haywood and Co-Plotters  
Must Serve Time in the  
Federal Pen.

By the Associated Press  
CHICAGO, Oct. 5.—The United  
States circuit court of appeals  
handed down a decision today up-  
holding the conviction of William  
D. Haywood and ninety-three other  
I. W. W. who are found guilty  
and sentenced to Leavenworth for  
obstructing the draft law during  
the war.

Two counts were thrown out in  
the appellate court, but in all other  
cases the decision of the lower  
court was upheld.  
Haywood, former general secre-  
tary of the I. W. W., and most  
of the other defendants have been  
at liberty under bond for more  
than a year pending hearing of  
their appeals.

Haywood and fourteen other de-  
fendants were sentenced to twenty  
years in prison by Judge Landis  
and in addition were fined sums  
ranging from twenty to thirty-five  
thousand dollars.

Of the 166 tried 97 were found  
guilty and all but three appealed.  
Some of these who failed to obtain  
their liberty on bond have served  
out their sentences and have been  
released.

The defendants were arrested in  
Washington, California, Arizona,  
Utah, Pennsylvania, Kansas, Michi-  
gan, Minnesota, Illinois, New York  
and other states.

The trial was followed by several  
sensational incidents, including the  
explosion of a bomb in the federal  
building here, killing several per-  
sons.

Otto Christensen, attorney for  
the defendants, issued a statement  
saying that he will ask for a re-  
hearing.

## GOVERNOR COX TAKES DAY OFF TO REST

By the Associated Press  
DAYTON, Ohio, Oct. 5.—This  
was to be a day of real rest for  
Governor Cox, democratic presiden-  
tial candidate, before leaving on  
his next speaking tour that is to  
take him into Kentucky, Tennes-  
see, Indiana, Illinois and through  
his home state. The governor has  
no engagements for the day.

Meeting of Young Converts.  
The young converts will meet  
at the Christian church tomorrow  
evening from 5 to 6. These young  
people are studying the Sermon on  
the Mount. They are to learn the  
twenty-third Psalm also. We hope  
that every one of these young peo-  
ple will be present promptly at  
5 tomorrow evening.—C. V. Dunn,  
Minister.

## GERMAN PLOTTERS ARE TO BE GIVEN FREEDOM BY U.S.

Officials at Leavenworth  
Await Word To Turn  
Them Out.

By the Associated Press  
LEAVENWORTH, Kans., Oct. 4.  
—Officials of the penitentiary here  
today awaited instructions for the  
release of Eckhart H. Von Schnack  
and Franz Von Bopp, former consul  
general and vice consul general for  
the Imperial German government  
at San Francisco, who, it was an-  
nounced, have been granted pa-  
roles.

It was said the former German  
agents probably would be set at  
liberty during the day. The two  
plotters were brought to the prison  
in the summer of 1918 to serve  
sentences of five years each for  
violation of the neutrality of the  
United States. They were convicted  
of setting up on United States soil  
a plot to overthrow British rule  
in India, weakening Great Britain's  
efforts in the world war.

Both are expected to return to  
Germany upon their release.

Court Grants Extension  
By the Associated Press  
OKLAHOMA CITY, Oct. 5.—  
An extension of fifteen days in  
which to enter pleas was granted by  
Judge Cotter in federal district  
court here today in the case of  
the Miller brothers, Ponca City  
ranch owners, and Victor Norton  
and John Newton, all indicted by  
the federal grand jury charged  
with violation of the penal code  
for conspiracy to defraud the  
United States government.

## LIONS' CLUB HAS GUESTS AT LUNCHEON

The Lions Club met at the  
American Cafe at noon today for  
its monthly luncheon. A number  
of distinguished visitors, including  
members of the Holden crowd,  
the normal faculty and the state board  
of education, were present as in-  
vited guests of the Lions. Three  
of the party were called on for  
a few remarks, and the talks pro-  
vided educational and worth while.

Music and singing by the oc-  
casion was furnished by the Man-  
hattan Musical Comedy company,  
now playing at the McSwain theater.  
Mr. and Mrs. Whitehouse proved  
their ability as entertainers, and  
the numbers they gave were re-  
ceived with delight.

The meeting was a very enthu-  
siastic one, in spite of the fact that  
it almost had to be called off this  
morning. It had been planned to  
have the luncheon at the Harris  
Hotel. None of the help at the  
hotel showed up for work this  
morning, and the club was notified  
that some other place would have  
to be found. Things looked gloomy  
for a while, and it appeared that  
the meeting would have to be post-  
poned. However, Mr. Roach of the  
American Cafe offered to help, and  
it was decided to hold the luncheon  
at his place. The members are  
highly pleased with the manner  
in which the luncheon was served.

The club tended a vote of  
thanks to Mr. Penrose of the Ada  
Music company for the use of their  
piano at the last meeting, and in-  
cluded Mr. Walters for the use of  
his piano at this meeting.

The following new members were  
added to the roster: Dr. Linscheid,  
Thomas P. Holt, and L. T. Walters.  
The meeting closed with a cheer.

## Merchants Plead Not Guilty To Profiteering Charge

By the Associated Press  
OKLAHOMA CITY, Oct. 5.—  
Pleas of not guilty were entered  
by the 36 Oklahoma merchants in-  
dicted for alleged violation of the  
Lever act, when arraigned before  
Judge Cotter in federal district  
court here today, on charges re-  
turned by the grand jury.

A speedy trial was requested by  
Judge Samuel Hayes, representing  
all of the attorneys involved in  
the case.

## THEIR PENNANT-WINNING SMILES

The Cleveland Indians have been the favorites in the pennant race all season and have had a slight edge on the White Sox in the final drive. They were picked by most critics to win out eventually over the Chicagoans. The wrecking of the Sox by the indictment and suspension of half the team virtually makes the pennant Cleveland's. Manager Speaker and owner Jim Dunn have a right to smile. Their smiles will be larger if they beat the Dodgers.

## BILLY SUNDAY TELLS WHAT THE BIG BASEBALL SCANDAL MEANS

(Note — The following was  
written by Billy Sunday, fa-  
mous evangelist and former  
baseball star, when asked to  
explain the reaction the base-  
ball scandal will have on the  
American boy.—Editor.)

By Billy Sunday.

Written for the United Press.  
(Copyright, 1920, by United Press.)

ROANOKE, Va., Sept. 30.—  
The heart of the average  
American boy will cherish bit-  
ter enmity toward the dastard-  
ly gambling that corrupted  
his baseball idols.

But no boy will say today  
he has lost faith in baseball.  
He is just one more factor of  
a public eager to repudiate the  
slightest suggestion of dison-  
esty and anxious to back up  
the efforts to maintain for  
baseball the reputation it has  
had for years—clean, on the  
square, wholesome and dis-  
tinctively American.

Disloyalty and dishonesty

did what all the sluggers in  
the American league could not  
do—drive Eddie Cicotte from  
the box. Thus one of the  
ideals of American boyhood  
fell from his pedestal of fame.  
To my mind, this constitutes  
one of the saddest features  
connected with the baseball  
scandal. Even this, however,  
will not rob the average boy  
of his interest in and love  
for baseball. Boys go in to  
win. No suspicion of crooked-  
ness ever enters their heads.

It is the hardest thing under  
the sun to corrupt a boy so  
that he will lose a race, or  
throw a game.

Thousands of youthful play-  
ers on the city lots and mem-  
bers of country town teams  
from coast to coast will see in  
the baseball scandal only proof  
of the things they have al-  
ways believed:

That you can't play the  
game crooked and win.

And that you can't mix in  
bad company and get away  
with it.

## MINERS' DEMAND FOR INCREASE REFUSED

By the Associated Press  
KANSAS CITY, Mo., Oct. 5.—Rep-  
resentatives of miners and opera-  
tives reconvened here today to con-  
sider the demands presented by the  
miners at a joint meeting yester-  
day for an increase of 30 percent  
in wages for tonnage, dead and  
yardage work in districts 14, 21  
and 25, United Mine Workers of  
America. The operators were firm  
in their stand, taking yesterday that  
no such increase would be given.  
The districts reported comprised  
fields in Missouri, Kansas  
and Oklahoma.

## SUGAR REACHES LOWEST MARK OF SEASON

By the Associated Press  
NEW YORK, Oct. 5.—There  
was another break of one-half cent  
a pound in refined sugar today,  
when the federal sugar refining  
company announced a reduction to  
12 cents for fine granulated, the  
lowest price of the season.

## HON. LEE CRUCE IS ADA VISITOR TODAY

Hon. Lee Cruce of Ardmore, ex-  
governor of Oklahoma, is in the  
city today in the interest of the  
state and national democrat ticket.

Mr. Cruce spoke at the corner of  
Main and Broadway this afternoon  
to a good sized audience of interest-  
ed hearers. Mr. Cruce is a forceful  
speaker and his argument in behalf  
of the democrat party and the  
league of nations was a masterful  
appeal.

Mrs. Trexler of Sapulpa, chair-  
man of the educational bureau for  
democratic women voters of the  
fourth congressional district, and  
Mrs. Cora Smith of Oklahoma City,  
were both to speak on the streets  
also, but their train was wrecked  
and they did not arrive here in  
time. They will speak at the court  
house tonight, beginning at 7:30  
o'clock.

The supply of farm horses in  
the United States has been steadily  
decreasing since 1918.

## Seek to Connect Russian With Dynamite Mystery

By the Associated Press  
NEW YORK, Oct. 5.—William  
Flynn, chief of the bureau of in-  
vestigation of the department of  
justice, expressed the belief that  
Florian Zelenko, held in Pittsburgh,  
had no connection with the Wall  
street explosion.

After having completed local in-  
vestigation in connection with Ze-  
lenko's arrest, Mr. Flynn said he  
believed none of the real conspira-  
tors would have left himself as  
open to suspicion as had the Pitts-  
burgh suspect.

## TWO INDICTED FOR INTENT TO DEFAUD U. S.

By the Associated Press  
NEW YORK, Oct. 5.—Victor S.  
Fox and William H. Kaiser, steam-  
ship operators, today were indicted  
by the federal grand jury here,  
charged with "engaging in a con-  
spiracy to defraud the United States  
by making false accounts and  
vouchers with intent to defraud  
the United States shipping board."

## ROOSEVELT SAYS HARDING WOULD SCRAP LEAGUE

He Would Ask Forty-One  
Signers of Covenant To  
Give It Up.

By the Associated Press  
LAWRENCE, Kans., Oct. 4.—  
Franklin D. Roosevelt, democratic  
vice presidential nominee, declared  
today, in a series of speeches in  
Kansas, that Senator Harding's an-  
nounced intention, when elected,  
of favoring some association or so-  
ciety of nations for the promotion  
of the world's peace, means in plain  
English a "scrapping of the exist-  
ing league."

"In other words," he added, "it  
is an appeal to the 41 nations who  
are now members of the league  
to undo all of the work that has  
been done, to meet again around  
a peace table, to listen to a new  
plan, as yet not formed, even in  
the mind of Mr. Harding. Many  
good people up to now have believed  
that Mr. Harding would find some  
way for the United States to enter  
the league. His recent statements,  
especially his endorsement of Mr.  
Borah's speeches, has, however,  
made it clear that he has absolute-  
ly no intention of making it pos-  
sible for this country to become one  
of the family of nations."

Grain Continues Downward.  
By the Associated Press  
KANSAS CITY, Oct. 5.—Grain  
prices continued to flop today on  
the local market. December deliv-  
eries of wheat which closed yester-  
day at \$1.91 closing today at  
\$1.84½ and March deliveries which  
yesterday was \$1.88½ closing today  
at \$1.84½. Corn futures showed  
fractional decline in closing at 77½  
cents for December and 80½ cents  
for May.

## WILSON DENIES CHARGE MADE BY SPENCER

By the Associated Press  
WASHINGTON, Oct. 5.—Presi-  
dent Wilson today wrote to Senator  
Spencer, republican, of Missouri,  
that the statement recently made  
by the senator that the president  
had promised American military aid  
in Rumania and Serbia in the event  
of the invasion of those countries,  
was "false." Senator Spencer's ad-  
dress was delivered in Missouri and  
when it was called to Secretary  
Tumulty's attention, Mr. Tumulty  
gave out a statement to correspond-  
ents of St. Louis newspapers de-  
claring that the senator's state-  
ment was "absolutely and unquali-  
fiedly false."

Senator Spencer in turn issued a  
statement saying that he did not be-  
lieve the president had authorized  
such a denial. The president's let-  
ter was in reply to this statement.

# WORLD'S LONGEST MOTOR HIGHWAY

By the Associated Press  
DENVER, Colo., Oct. 1.—Motorists seeking the unusual in travel will find it next summer wearing overcoats and furs on the night of the hottest day in July, crossing Continental Divide while making the 4,500-mile circle swing of the National Park-to-Park highway, the longest scenic motor way in the world.

That's what members of the official party now dedicating the highway, which traverses nine western states and connects twelve major parks, have experienced since they left Denver August 26. The party will return in time for a convention of the National Park-to-Park Highway association here November 11.

The wonder highway is like a scenic running noose, and by following the lariat, the motorist reaches the historic ruins of cliff dwellers in Mesa Verde park, or the "Top of the World" in Rocky Mountain park, in Colorado. Starting from Denver, the highway touches Rocky Mountain park before entering Wyoming, where it passes through Yellowstone. In Montana, its course reaches to the extreme northern boundary, touching Glacier park, then crosses Idaho to reach Mount Rainier park, in Washington. The highway continues through Oregon and California and completes the rough circle lariat by winding through Arizona, northern Arizona and Colorado, getting back to Denver, the starting point.

**Touches Scenic Spots.**  
In the course of the circle which the highway describes, the motorist visits the frozen ice fields in Glacier park, Montana; snow-capped Mount Rainier in Washington; an extinct volcano in Crater Park, Oregon, and an active volcano in Lassen park, California and the Grand Canyon in Arizona, also are included in this park-connecting highway.

The National Park-to-Park highway association was formed to secure the improvement of a dozen transcontinental highways and connecting roads forming the park-to-park highway, including the Yellowstone-Bicentennial Line, Roosevelt, National Park, Old Trails, Rainbow and Yellowstone trails. The association hopes eventually to secure federal aid in the sum of \$100,000,000 for hard-surfacing this continuous highway. The only stretch of hard surfaced road at present is 1,000 miles of the Pacific highway, extending from Seattle to San Francisco.

## IMPRESSIVE SERVICES MARK BURIAL OF RED CROSS NURSE

Floral tributes at the funeral of Miss Jane A. Delano.

The military funeral in Arlington cemetery of Miss Jane A. Delano, head of the Red Cross nurse corps, was both impressive and picturesque. Miss Delano was instrumental in raising a corps of 20,000 nurses during the war and died in France while still in active charge of the corps.

## Doctors Discover Remedy That Will Cure Leprosy

WASHINGTON, Oct. 1.—Leprosy, a scourge of humanity since early history, apparently has been conquered by officers of the United States Public Health service in the leper colony at Kalihii, Hawaii. Forty-eight sufferers of the dread-malady, who have been subjected to a new method of treatment, have recovered to such extent as to warrant their release on parole and, after a year, not one has shown a symptom of recurrence.

As yet, no announcement of a "cure" has been made officially for some of the government medical experts are frankly skeptical of the results. It may be years before an official and final opinion is given.

The limit of the official claim is set for in a joint report to the Public Health service made by Dr. J. T. McDonald, director of the leprosy investigation station and superintending physician to Kalihii hospital, and by President A. L. Dean of the University of Hawaii, as follows:

"It has been sufficiently established that chaulmoogra oil contains one or more agents which exert a marked therapeutic action in many cases of leprosy. We cannot say as yet that the disease is cured, since we have no test adequate to establish such a verdict. Whether or not the apparent cures are real and permanent, it is evident that we have a valuable agent at our disposal in the control of the disease."

**Not a New Drug.**  
Chaulmoogra oil in its crude state is no new drug for the treatment of leprosy, but in its raw form it proved so nauseating and painful to patients that it had to be temporarily discontinued. Science

turned toward its derivatives and Drs. McDonald and Dean report "it was found that the ethyl of the fatty acids were thin fluid oils lending themselves readily to intramuscular injections and were readily absorbed."

Injection of the oil derivative by a syringe has brought a new hope to the leper, for at Kalihii hospital "injection day" is described by the doctors' report as an occasion for merry-making though of painful experience for the sufferers.

"The standard treatment," the report says, "now consists in weekly injections of a preparation which consists of the mixed ethyl esters of acids of chaulmoogra oil with two percent of iodine in chemical combination."

Regarding the virulent form of leprosy, the doctors report that "in many cases the lesions disappear, except for scars and permanent injuries, and the leprosy bacillus can no longer be demonstrated."

In the continental United States, there are 200 known sufferers of leprosy, but Public Health officials believe that ten times that number exist, known only to the family doctor. The Louisiana state leper hospital at Carville has been bought by the government and the Public Health service plans to enlarge it so as to provide facilities for the treatment of 500 patients.

HOWDY PETE!

Always learn something when I head into this old town. Passed my deck of Camels to a fine, business-looking citizen in the Pullman dressing room this morning and this opened up a conversation. Listen, Pete, that man talked the Camel language according to Foyle!

"Camels are the very quintessence of cigarettes" said this party. Pete, get that word? It fits—it spreads the news—it spills the whole Camel story! And, if you don't get what I'm driving to you, look up the word in Webster's! Why, Uncle Dan put it there when he dreamed Camels were coming! That man slipped into one word: mellow-mild-body, no cigarettey aftertaste, no cigarettey odor—and—the best cigarette in the world at any price!

Pete, why do you hear men of all types everywhere actually boosting Camels? That's because they know Camels are right! They know from Camels flavor that Camels have the quality—and—they know that Camels blend of choice Turkish and choice Domestic tobaccos makes the most delightful cigarette any man ever put between his lips!

Old oil well, I'm no gusher, but the way Camels are going to more and more men every one of the seven days in every week is a sight to see!

Philadelphia  
—Tuesday.

P. S.—Leaving for K. C. tonight housed as close to the roof as they could put me! Drop me a line care Hotel Baltimore.

## MRS. HYDE SEEKS DIVORCE FROM DOCTOR

KANSAS CITY.—Charging extreme cruelty and violence, Mrs. Frances Swope Hyde wife of Dr. B. Clarke Hyde who was three times tried on a charge of murder in connection with the death of Mrs. Hyde's uncle, Thomas H. Swope, millionaire philanthropist has filed suit for divorce from Dr. Hyde.

In her petition Mrs. Hyde asks for the custody of a son, aged seven, and a daughter, four. The petition asserts that Dr. Hyde is not financially able to care for the children and is not a fit person to have charge of them. Mrs. Hyde, the petition states, is financially able to care for the children.

After stating that the marriage performed June 21, 1905 and that Mrs. Hyde and her husband lived together until August 1, 1920, the petition asserts:

"The defendant disregarded the duties of a husband and has been guilty of repeated constant acts of cruelty and violence toward the plaintiff, and has applied opprobrious epithets to her and to her friends in the presence of their children."

"He has, by studied words and conduct tried to estrange her children and friends from her and has exhibited a sullen, morose and cruel disposition; which has caused the plaintiff to be in constant fear for the welfare and lives of herself and her children."

## WHAT SHALL I DO?

Answered by Virginia Page

### Every Bride's Difficulty.

"Dear Miss Page: I am to be married soon and there are several questions I want to ask about my wedding. Must the invitations be engraved, or would printed ones do? I want to have a little party afterwards, but our house is small—do I have to have everybody at the party that I invite to the wedding?—Bride-to-be."

Yes, you must have your wedding invitations engraved; printed cards and invitations are not considered proper at all.

But you did not state whether you were planning a church wedding or house wedding. It is to be at the house, why don't you

send less formal invitations—just buy some very handsome, heavy stationery, and write invitations (in your parent's names of course.)

If you are married in the house, you couldn't tell half your guests to go home so the rest of you could have the party. So you must only invite as many as you can take care of—very often this matter of determining the number of guests by the size of the house makes it necessary for brides to have only their relatives and relatives-to-be, in order to avoid hurting their friends by leaving out some. I've even known it to cause elopements—the result of sheer desperation!

If you are to be married in church you can send formal invitations to the ceremony to any number; and then add to these, separate invitations to the reception at the house for those whom you care to have there.

## Prices Are to Fall Slowly But Surely Is Prediction of I. T. Bush, Terminal King

### Hard Times To Make Labor Work and Business Get Down To Earth.

NEW YORK.—"There will be no steady decline of prices in America. The crest of the wave of high cost of living has been passed and prices are now on the down grade. But there will be other waves causing prices to rise and fall like a ship on the ocean."

This is the view taken by Irving T. Bush, president of the vast Bush terminal interests.

Bush is a hard-headed conservative business man, a descendant of the old Dutch Van Bos family which has contributed much to the industrial history of America. He has an amazing insight into American business.

"As I see it," says he, "the decline of the high cost of living will be something after the matter of an elevator going to the level of a floor after a series of declines and rises due to bumping an aid cushion. American business men have been in a delirium for the past couple of years, and a moderate dose of hard times will bring us to earth and do us good."

"We cannot hope to keep all of our foreign trade, for we have not developed it along any scientific line. But a small part of it, with the exception of trade in raw materials, will remain with us, for it will drift back to natural channels. The trouble with us is that our foreign trade has been handed to us on a silver platter."

"The development of our present situation has been marked by two prime events, the cancellation of foreign orders, resulting from the exchange situations, and the cancellation of domestic orders, due to overstocking and restless conditions here."

"The next step will be a slowing down of industries due to the slackening of orders. That will result in a surplus of labor and then, and then only, will capital and labor be on the way to restoring normal relations."

"Do not set me down as being a pessimist because I say there are hard times ahead. I do not by any chance mean a panic. Such a thing is utterly impossible. But a moderate dose of being compelled to work will be the greatest thing that ever happened to us. And it is coming just as surely as night follows day."

### Says New Farm Methods Are Being Adopted in France

By the Associated Press

CHICAGO, Oct. 1.—French government officials have informed the Centenary Conservation committee of the Methodist Episcopal church here that the Centenary American farm school in France is proving its value to agriculture. This is being done chiefly through demonstrating the value of modern machinery and training French orphan boys in scientific methods.

The farm school is one of two hundred acres at Charvieu, 20 miles from Lyons. It was established by the board of foreign missions of the Methodist Episcopal church, with Centenary funds, a year and a half ago.

### TEXAS DEVELOPS RATS OF GIGANTIC SIZE THAT BARK LIKE PRAIRIE DOG

AUSTIN, Texas.—A rat that looks like a kangaroo, barks like a prairie dog and is the size of a squirrel has made its appearance in Caldwell and Bastrop counties.

The rat is longer than that of the ordinary rat. There are three different species, possibly all of the same family—one with front legs a little longer than the back, something like the kangaroo; another with front legs about in proportion with the hind ones, and the other just like the ordinary rat except for the long tail.

The rat with the long front legs is the one that barks like the prairie dog.

They eat everything, crops, fruit, etc., but are partial to corn. Chickens, too, are not spared.

Halestead of the Michigan agricultural college the old order is changing to the new," said R. J. Wade, secretary of the Methodist Episcopal committee on conservation and advance, here today.

"American wire fencing, for instance, is replacing the ancient French hedges uncut for a century, thus reclaiming from thorn and thistle thousands of square feet of soil for cultivation. This innovation, at first regarded by the peasants as a sacrilege, is now being accepted by them. They too are buying army wire for fences and starting a movement for intensive utilization of land at expense of historic hedges."

#### Inside Information.

Billy went up to dad and said, "Father, I know what Mary will want this year for Christmas."

"It's a bit early to start telling what you and Mary want for Christmas. But what is it?" replied the father.

"Mary will want a doll," said Billy.

And just then little Mary came running into the room with the big tears dripping down her cheeks and exclaimed: "Daddy, Billy broke my doll."—Indianapolis News.

## New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

### INDIAN'S SECRET OF HAIR GROWTH

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days. That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious poultice. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called KOTALKO, and later had the recipe put into practical form by a chemist. That my own hair growth was permanent has been amply proved."

### How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across KOTALKO. My bald spots are being covered now; the growth is almost ready about three inches." G. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used KOTALKO." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using KOTALKO, hair is growing all over the place that was bald. Many more splendid, convincing reports."

KOTALKO is sold by H. P. Conn, M. A. Waits, Norris & Dilworth and Gwin & Mays Drug Store. And by Busy Druggists and Dept. Stores Everywhere.

as the palm of my hand for about 15 years. Since using KOTALKO, hair is growing all over the place that was bald. Many more splendid, convincing reports."

KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a hair elixir of wonderful efficacy. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one deliciously reliable hair preparation that succeeds upon genuine merit. Buy a box of KOTALKO at the drug store, or ask for KOTALKO at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." \$2.00 GUARANTEE. Or if you send 10 cents (silver or stamps), you will receive a PROOF BOX of KOTALKO with BROCHURE, postpaid. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of GENUINE KOTALKO, apply once or twice daily; watch in your mirror. ## THE TOWN GOSSIP

By MARLOW BROWNLEE

Editor Town Gossip: I live in a boarding house, here in Ada. For the past two or three weeks we've been having beans regularly for dinner and supper. I thought I'd write to you and perhaps a change would be made. Needless to say I'm not going to sign my name to this. I don't want to lose my boarding place but I DO want to lose the beans. See if you can't help us out.

DEAR BEANY.

FOR SIX years.

AFTER I left home.

I LIVED in boarding houses.

AND DURING those six years.

I GAINED in weight.

AND IN strength.

AND PERHAPS in wisdom.

AND DOWN in Louisiana.

I STAYED in the same house.

WITH ABOUT fifteen.

OTHER BOARDERS.

AND THERE was one fellow.

BY THE name of Bryant.

WHO WAS always kicking.

AND NEVER satisfied.

AND EVERY day.

HE'D COME to the table.

AND LOOK it over.

AND KIND of sniff.

AND HE'D sit down.

AND GRUMBLE about the food.

AND THE lady.

WHO RAN the house.

HATED THE sight of him.

AND SHE'D always give him.

THE WORST of everything.

AND I don't know.

WHAT BECAME of him.

BUT I'M inclined to think.

THAT HE dried up.

AND BLEW away.

AND IF I were you.

I'D TELL your landlady.

THAT SHE set the best table.

YOU HAVE ever seen.

AND I'D show her.

THAT I enjoyed my meals.

AND DIDN'T care.

HAT WAS set before me.

AND I'D eat everything.

THAT WAS placed before me.

AND AFTER awhile.

BEFORE VERY long.

I'M INCLINED to think.

THERE'D BE other things.

BESIDES BEANS.

ON THE table before you.

AND ANYWAY.

WITH THE cost of living.

AS HIGH as it is.

YOU'RE LUCKY to get beans.

AND HAVE no right to kick.

I THANK you.

## REPORTS SAY JOBS ARE SCARCER NOW

NEW YORK.—Reports made public here by employment agencies of both the Salvation Army and the Knights of Columbus indicated that jobs will soon be scarce in cities. Equalization of labor supply and demand during the last week was reported by the five employment offices of this city conducted by the Salvation Army.

For the first time in two years, as many men were found seeking work as there were jobs available. A feature of the week, a statement by the army said, was a falling off in demand for unskilled workers.

William J. McGinley, supreme secretary of the Knights of Columbus, after a three months' survey of Knights of Columbus employment bureaus, warned young men from agricultural districts to keep away from the cities.

"Men are flocking to New York, Chicago, Boston and other large cities looking for employment," said Secretary McGinley, "production has had a decided drop in many big industries and the supply of help, especially of the semi-skilled kind, greatly exceeds the demand."

By the Associated Press

HOUGHTON, Mich., Oct. 1.—Owing to the scarcity of Lake Superior whitefish and trout, suckers are now being shipped to the Chicago markets, where there is a ready demand for them. One Huron Bay fisherman has just shipped 760 pounds of the usually despised fish. Suckers from Lake Superior are said to be especially good and palatable inasmuch as they are taken from some of the coldest water in the world and are firm and hard.

## THE RAPE OF BASEBALL

(Oklmulgee Times)

Shattered idols!  
Ruined hopes!  
A blow at the heart!

The greatest tragedy of its kind in American history has just taken place in Chicago.

A gang of miserable traitors have confessed that they traded the soul of baseball for a pittance. Theirs was the work which the foul hand of an assassin could not duplicate if the purpose was to undermine the public faith and shatter fond hopes and ambitions. It is one of America's greatest institutions that has been undermined.

There was a time when the names of Eddie Cicotte, Hap Felsch, Joe Jackson and the others were names to conjure with. That was because the public had faith in them, just as it has faith in those whom it chooses to administer the affairs of the body politic. Americans prided themselves in the possession of such men; in numbering them as among America's most loyal citizens. It was almost a fad to revere the names of such men.

And now they have sold the honor of baseball, which has stood for over a generation as something which could not be bartered any more than America's freedom could be bartered. The baseball world is not revolving on its old time-worn axis today.

Will time bring it back?

It is the prayer of all real Americans, who have witnessed this debauchery of their national pastime, that the cure is at hand, and that never again, so long as the world lasts, can crookedness and baseball be linked together. In the meantime route out the reds who are responsible for the tragedy and send them on their way. The players are not the only ones who are guilty. New York, Chicago and other large cities are housing the leches who conceived the plot for the rape of baseball.

## COX ENDORSES FERRIS

The endorsement given Scott Ferris by Governor Cox during the latter's speech at the state fair grounds in Oklahoma City should be considerable help to Ferris in his race for the senate. The democratic nominee stated that he served with Ferris in congress. He said that no man worked harder than Ferris, no man "was more faithful or more conscientious in committee work and in attending sessions of the house" and that there was no abler man in the house than Ferris. He declared that in the senate Ferris "will be a credit to his friends and an honor to the commonwealth of Oklahoma."

Governor Cox, having served in congress at the same time as Ferris and thus having an opportunity to observe closely the work of Ferris, is thoroughly competent to judge concerning Ferris' faithfulness and ability. His praises of Ferris is in accord with the endorsements given the Oklahoma statesman by William Jennings Bryan, William G. McAdoo, former secretary of the treasury, and others. Ferris has had an extensive experience in congress and has rendered an efficient service, in striking contrast to the record of his republican opponent.

## THE POLITICAL MOUNTEBANK

The nonpartisan league has captured the democratic nominations in Montana. In North Dakota the non partisan candidates are running on the republican ticket, while in Idaho the league has a third set of office-seekers in the field on a ticket of its own. Under the circumstances the republicans should be successful in both Montana and Idaho. In the treasure state the straight democrats will be forced to vote the republican ticket if they desire to defeat the leaguers. Idaho is usually a republican state, and with three tickets in the field, the indications are that all the G. O. P. candidates will be elected. It is doubtful if a combination of republicans and democrats can win in North Dakota, although the league has grown visibly weaker during the last two years. All three of these states will bear watching, however, as there are signs of political unrest all over the country, and Montana, Idaho and North Dakota are no different from the other commonwealths in this respect.—Salt Lake Tribune.

The nonpartisan league claims that it is not a political organization and in that manner is able to dodge the responsibilities of an authorized political party.

In other words by sharp political practice and fooling the voter by having its candidates fly under various colors it seeks to gain control of state politics in order to establish its communistic and socialistic ideas of government. Will the voters be fooled?

The predicted and much talked of impending panic is to a great extent psychological. But what Job feared, you know, came upon him, and if we think panic, talk panic and predict panic, of course we will get one.

## TROUPE OF SEA LIONS

Greatest Novelty Act in the World Presented by Yankee Robinson This Season.

Without any doubt the most wonderful animal in the world is the sea lion. Next comes the elephant and then the monkey. This season Yankee Robinson has Captain Tebor's trained sea lions and this act alone will more than repay anyone who attends the exhibition. This sea lion act is considered by every one the greatest ever presented. One sea lion presents a singing and talking act that is one of the big hits of the show. Patrons of the show will remember this act the season of 1918. Last season this act was contracted to the Hippodrome in New York City and the big traveling show was unable to get it. This season, however the act will be seen at each exhibition. The act is presented on a high elevated stage and is in good view of all. The Yankee Robinson circus will exhibit one hundred will animals in parade when it exhibits here on October 9.

## BOOTLEGGERS MUST TAKE OUT LICENSE

LOUISVILLE, Ky.—Elwood Mamilton, collector of internal revenue for Kentucky, is preparing to make bootleggers of liquor obtain distiller and retail liquor licenses, he has announced. The new state dry law makes license collections possible. Under this plan, 100 persons arrested here since July 1, for alleged violation of liquor laws would have a bill of about \$2,000 each, including the retail license of \$25 with \$1,000 tax, penalty of 25 percent for failure to make return and double penalty levied under the Volstead act.

**Little Cares.**  
The little cares that fretted me  
I lost them yesterday  
Among the fields above the sea,  
Among the winds at play,  
Among the lowing of the herds,  
The rustling of the trees,  
Among the singing of the birds,  
The humming of the bees.

"The foolish fears of what may  
happen—  
I cast them all away  
Among the clover-scented grass,  
Among the new-mown hay,  
Among the husking of the corn,  
Where drowsy poppies nod;  
Where ill thoughts die and good are  
born—  
Out in the fields with God."

## Recipes for Relishes.

I receive so many letters from  
readers requesting recipes for re-  
lishes that I have become convinced  
that the average housewife is a  
very thrifty person. For most of  
these letters say, in effect, "Cold  
meat is helped out so much by a  
relish that I can serve it sliced for  
dinner instead of a hot meal—while  
without the relish, it would seem  
fit to serve only for lunch or for  
supper." The following relish re-  
cipes may be helpful:

**Spiced Sweet Tomato Relish.**—2  
quarts peeled and sliced tomatoes,  
1 quart brown sugar, and mixed  
ground spices to suit the individual  
taste. Allow these ingredients to  
stand will mixed together for 3  
hours in a preserving kettle, then  
boil down on a slow fire until  
about the consistency of jam. When  
cold, seal with paraffin.

**Beet Relish.**—4 cups chopped  
beets, 1 cup chopped onion, 1 cup  
chopped red pepper, 2 cups chopped  
cabbage, ½ cup sugar, 2 cups vine-  
gar, 1 tablespoon salt, 3 tablespoons  
white mustard seeds, 1 tablespoon  
celery seed. Cook the beets in boil-  
ing water until the skins loosen,  
then remove the skins and put the  
beets through the food chopper. Put  
the other vegetables also through  
the food chopper, then measure  
them. Place the chopped ingredients  
in a preserving kettle, add the sugar  
seasoning, and vinegar and let  
all boil until the vegetables are  
tender. Put into hot sterilized jars  
and seal.

**Wild Grape Relish.**—¾ pounds  
wild grapes, 1½ pounds granulated  
sugar, ¾ teaspoon ground cinna-  
mon, ¼ teaspoon allspice, ½ tea-  
spoon cloves, ½ cup water. Wash  
and stem the grapes and put them  
in a double boiler, cooking them  
until their skins pop. Remove skins  
and press pulp through a sieve fine  
enough to hold the seeds. Put skins  
with water in a saucepan and boil  
until tender; add the strained pulp  
and all the other ingredients and  
let cook slowly until thick. Fill into  
hot, sterilized jars and seal.

**Green Tomato Relish.**—7 pounds  
green tomatoes, 4 pounds white sugar,  
1 cup seeded raisins cut in  
halves, 1 teaspoon whole cloves,  
1 lemon sliced. Quarter the toma-

BROWN VELOUS AND  
SQUIRREL FUR IS  
NEW COMBINATION

By Eloise.

With a dollar bill acting for  
all the world like a shy  
shrinking little fifty cent piece  
buying a coat or suit these  
days is somewhat like choos-  
ing a husband—it requires a  
bit of thought. It is rather  
a simple matter to get a good  
looking coat this year. You  
can try one on any day and  
see yourself looking smart and  
fashionable, but you do not  
begin to know it until you  
have worn it for three weeks  
or a month. If when one looks  
into the mirror she might see  
her coat works hence instead  
of in all its newness we would  
not find so many women wear-  
ing colors which will not stand  
wear, and materials which  
shrink up after a rainstorm.

Here is a very, stunning  
coat made on the wrappy lines  
which will stand the test of the  
elements and long wear. The  
lines are not too unusual to  
make it one-season wrap, and  
yet they are new enough to  
stamp it without a doubt as a  
1920 model. It is made of  
beautiful material in a dark  
brown shade. The gray squirrel  
collar is a new idea for  
combination with brown fab-  
rics. This collar is of rather  
large proportions and cut on  
very pretty lines. The belt,  
which is narrow and ties, is  
finished with large tassels and  
extends from the underarm  
seams to the front, leaving  
the back plain and cape-like  
in effect. This type of coat is  
the accepted thing for the com-  
ing season, and it is practical  
for it may serve any purpose  
from street and motoring to  
evening wear.

TWO BABY CUB LIONSThen She Enters Them In  
Pet Division of Live-  
stock Show.

Los Angeles had two unusual  
entries in the pet division of the  
live stock show held there recent-  
ly. Miss Kasla Schramm, who has  
one of the leading roles in "The  
Son of Tarzan," entered two baby  
lion cubs. Miss Schramm became  
acquainted with the lions when  
they made their appearance in the  
film and she became so attached  
to them that they were known as  
Kasla's pets.

"Of course the committee in  
charge of the show did not like  
the idea of entering lions in the  
pet class along with dogs and  
cats," Miss Schramm explained, but  
when I brought my cubs over and  
showed them what pets they really  
were, why all objections were re-  
moved."

The photograph shows Miss  
Schramm and the two cubs.

## Again United.

When Lewis Stone played the  
lead in "The Concert" at the Mason  
opera house, Los Angeles, several  
years ago, Victor Schertzinger was  
conducting the orchestra. Now  
Stone is lead in the film version  
and Schertzinger is still conducting  
—this time with the megaphone.

## Screen Snaps.

George Stone, one of filmdom's  
best known infant prodigies, will  
make his next screen appearance in  
"The Scoffer," now being produced  
by Allen Dwan.

George Walsh is to be starred in

## At the Ada Playhouses

**At the McSwain.**  
showing of "The Copperhead" at  
McSwain theater last evening were  
loud in their praise for this wonder-  
ful screen production at all times  
it was evident that this screen  
classic was holding its spectators  
spellbound to say that it deserves  
a place in a class by itself as being  
one of the years best pictures. Not  
only was the picture an entertain-  
ment in itself but The Little Miss  
Manhattan musical show was far  
above the average. The plot was  
new and full of comedy. The  
singing numbers were good, both of  
the comedians were clever and  
pleased the audience. Miss Fern  
Ashwell, the buck dancer, is one  
of the best buck dancers in the  
business. Aline Hart, the fat gal  
from Arkansas, is 460 pounds of  
comedy and she's some dancer too.  
The chorus is very good and pretty  
wardrobe excellent. They change  
their program every day and offer a  
clean show, free from smut. The  
picture orchestra plays the picture  
both matinee and night.

## At the American.

Snow scenes for moving pictures  
are about as obtainable in sunny  
California as lead on tin in the  
Sahara.

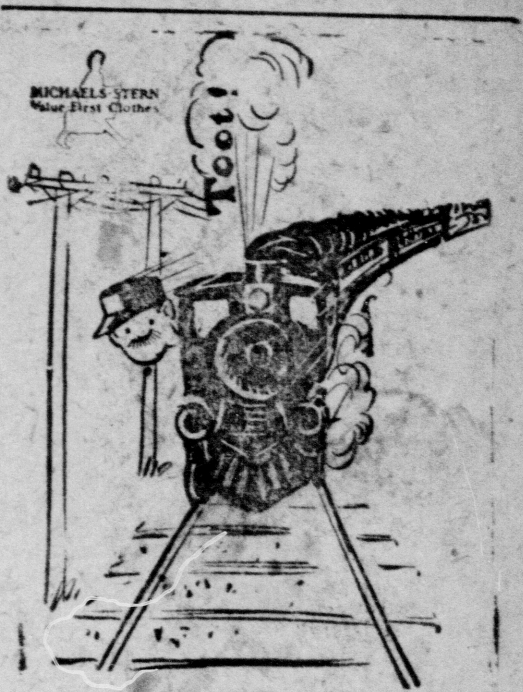

Nevertheless, J. Warren Ker-  
rigan's latest Brunton feature, "No.  
99," a W. Hodgkinson release  
which is an attraction at the  
American theater, some of the  
most picturesque snow scenes ever  
photographed are shown. In film-  
ing these scenes Robert Brunton  
expended approximately \$10,000  
and introduced some decidedly new  
and unique technical methods.

The script for the new feature  
called for a number of scenes at  
the elaborate country estate of a  
New York millionaire. The Brunton  
technical director considered it no  
trick to build a palatial mansion  
but was palpably puzzled at the  
idea of covering it with snow and  
ice. Finally Mr. Brunton suggested  
that the set be built near the sum-  
mit of Mt. Baldy, a Sierra peak not  
far from Los Angeles which is snow-  
clad eight months out of the year.

Accordingly timber, marble  
blocks, brick and mortar were car-  
ried on mule back several thousand  
feet to the top of the peak. There,  
on a plateau several acres in ex-  
tent, a handsome country place

was erected, artistically complete  
with gardens, stone balconies, por-  
ticos, drives, and even a small lake.  
The set was allowed to stand for  
several days until a storm covered  
it with snow.

The company was then brought  
up and the winter scenes were  
filmed. Supporting the star in "No.  
99" are: Fritz Brunette, the popu-  
lar leading woman; Charles Arling,  
Emmett King, Lila Leslie, John  
Stepping, R. D. McLean and Kath-  
leen Kerrigan, sister of the star.

OLDEST CHEROKEE  
CITIZEN IS DEAD

Special to The Aews.  
TAHLEQUAH, Aug. 231.—Gee Dick, probably the oldest full blood Cherokee in this section, died at his home near the Fourteen-mile creek, some miles northwest of this place, some days ago. Since the old man's death some of his countrymen have started that he had reached the age of 104 years, but this is probably erroneous, though from reliable authority it appears that Dick had really reached the age of 94 years. It seems that he was born in North Carolina in 1826 and came west with the "emigrant Cherokees" in 1838, reaching the Indian territory in the spring of 1839.  
At that time Dick was a good sized boy about 12-years-old, and he may be said to have been practically the last of the Cherokees who came west for the old nation 81 years ago. His life contained many interesting chapters and were his recollections of the olden days and of the pioneer Indians written in detail a volume of unique interest would be secured. Dick was a federal soldier in the days of the civil war and had a number of exciting experiences came out of the conflict unhurt.  
For many years he lived near the banks of the Fourteen-mile creek in what was known for a long period of time strictly an Indian settlement. Among his neighbors were some wild and reckless characters who often engaged in gun and knife fights, but as Gee Dick was a man of great strength and handy with his weapons, he was never molested. During recent years he was often seen at the "stomp dances" and took part with great interest. Despite his great age he often rode into Tahlequah horseback and rarely missed going to the memorial day exercises at Fort Gibson.  
Hundreds of Cherokee soldiers are buried there and it was thought that old Dick would find a final resting place there, but his family decreed otherwise and he was buried not far from his old home in the forests near the creek. Dick's escape from a burning house near Fort Gibson in the days of the civil war has often been told, and it has also been said that some of his superstitious countrymen looked upon him as a spirit, stating that Dick and a comrade were really burned to death in the flames kindled by confederate soldiers in an attempt to "smoke" the federal Indians out of the house into which they had run for refuge.

**Perfectly Natural.**  
"I am terribly worried about Uncle Ricketts!" said Mrs. Flumbeigate. "He came in a spell ago with his eyes glaring and his hair bristling, and declared that as sure as a gun is iron we're going to have war right away with Japan, or meebby it was Kamchatka—I didn't pay much attention to that part of it—and soon afterward the world is coming to an end. I am afraid the poor old fellow is losing his mind."  
"I guess not, Debby," replied Farmer Fumblegate. "He has worn out the league of nations and the weather for forty years back; nobody will listen to his chatter about 'em any more and he is obliged to have some new talkin' prints or not get the attention he enjoys so much. That's all, I presume."—Kansas City Star.

**Murder Sentence Affirmed.**  
OKLAHOMA CITY.—The trial of E. I. Thomas, convicted of murder in LeFlore county and sentenced to electrocution on November 13, was apparently fair and legal, an opinion of the criminal court of appeals announced here to Governor Robertson. The opinion adds that appeals under the state law may be made within six months after sentence by the trial court, which gives Thomas' period of appeal inclusive of March 8, 1921.

OF FLYER ON GEM THEFT CHARGE

Capt. William N. Barrett and Mrs. John D. Spreckels jr.

LOS ANGELES, Cal.—Federal authorities here are looking for Capt. William N. Barrett, former American aviator, whose extradition to London, where a \$125,000 jewel theft charge has been requested by the British government. The complaint against Barrett was made by Mrs. John D. Spreckels jr., a young California society matron.  
In her complaint, Mrs. Spreckels charged that she entrusted the valuable necklace to Captain Barrett to take to a London jeweler to be cleaned and repaired. She believed he had complied with her wishes until she called for her necklace and learned it had not been left with the jeweler.  
Capt. William N. Barrett is a son of the late William Barrett of Washington, D. C. In September 1917, he was commissioned a first lieutenant in the air forces of the army. He served overseas with the rank of captain, returned to this

country in March, 1919, and discharged from the service on the 15th of that month.  
Captain Barrett's wife was Alice Gordon Drexel, daughter of John R. Drexel, Philadelphia millionaire. He eloped with her in 1919. They separated last July, a month after a child was born to them.

WOULD COLLECT FOR  
DAMAGE BY MEXICANS

By the Associated Press.  
MEXICO CITY, Oct. 5.—Intimations that the United States, France and Great Britain have concluded a treaty against Mexico, are contained in Washington dispatches to the presidential office here. It is believed this treaty may possibly be connected with an agreement relative to damages amounting to \$20,000,000 resulting from revolutions here.

EVERY cent you spend over the price of Calumet might as well be thrown away. You don't get a thing for it. You can't get greater leavening strength or greater purity than are offered in Calumet.

Contains only such ingredients as have been officially endorsed by the U. S. Food Authorities.

No matter what you pay you can't secure as much in sound baking powder quality.

You can buy a cheaper baking powder—a little lower in price than Calumet—and much lower in merit. That's the worst kind of false economy.

Calumet never fails. Every baking is perfectly raised—sweet, even and tasty.

Used by millions of housewives and is the largest selling brand in the world.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet  
Graham Muffin  
Recipe  
1 cup of white flour, 1 cup of Graham flour, 1 tablespoon of sugar, 3 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 1 cup of milk, 1 egg well beaten, 1 tablespoon melted butter. Then mix in the regular way.

COMMUNIST RULE  
HARD ON JEWS

LONDON, Oct. 1.—The fate of the Jews in Russia is anything but an enviable one, says an article in the current number of the Zionist bulletin.

According to the writer, 98 per cent of the forced laborers in Kharkov are Jews, who are treated brutally. The Gentiles about them are coming to regard them as a collie caste, and they are shot at least as freely as other Russians for counter revolutionary activity.

Before the war, the article explains, about 66 percent of the Jews in Russia were engaged in commerce, and most of the remainder were artisans or factory workers. When the soviet government closed down private commerce as being tainted with capitalism, most of the Jews lost their livelihood. Most of the non-Jewish Russians who were likewise made destitute turned to farm labor and have been able to scrape along, but Russian villagers, steeped in centuries of anti-semitism, would not tolerate Jewish settlers among them.

While the soviet government barred actual pogroms, it has not insisted on access to the land being given to the Jewish traders whom it dislodged from their counting-houses, says the writer, so when forced labor came in last March, a very large number of Jews were visibly "unproductive persons," and

ripe for industrial conscription, or for death if they objected.  
"Almost all the Jews were entered as 'of no occupation,' irrespective of whether they knew a trade or no," says the writer in the bulletin. "A terrible hunt began for the Jewish masses by Red soldiery, with the willing help of the antisemites. The Jews were shut up in the courtwards of the labor barracks and had to camp day and night in the open, almost without food. The compulsory work consists mainly in the heaviest kind of labor, as road building and the cleansing out of dirty places in town and country."

“Who Will Buy My Dates?”

You have heard of the Oriental Bazaar. Perhaps you have seen it. Everybody in the city or village with anything to sell takes his wares to the bazaar and cries for buyers. The gardener with his vegetables, the herder with his goats, the old woman with a basket of fowls, the rug dealer, the fruit grower with dates and figs. There is much picturesque-ness along with clamor, confusion, dirt and endless wastage of time.

In our American cities, the advertisements in the daily newspaper take the place of the ancient bazaar. Whoever has something to sell can tell you of his goods and where to find them directly. Whatever you want to buy, you can read of it in advertisements, and go straight to the place where it may be seen. Clear and truthful advertising make it safe to order by telephone and avoid leaving your home at all.

Make it a practice to read the advertisements. They are the great bazaar of modern civilization. They are your source of information by which wise buying is accomplished.

## Notorious German Submarine To Be Sunk by the U. S.

CHICAGO.—If naval terms of the treaty of Versailles are carried out by the Allies the U-97, a German submarine with a record of at least seven allied ships sunk, will itself be sunk in 100 feet of water about twenty miles off Chicago harbor this fall.

Orders for the destruction of the U-97 were issued some time ago, but later withdrawn pending decision whether that part of the German peace treaty which provides for the destruction of all surrendered warcraft is to be put into execution. There is some difference of opinion among the allies, France and Italy especially being anxious to keep some of the late German ships to bolster up their own navies.

In the meantime the U-97, which toured the Great Lakes in the interest of the Victory loan campaign following the armistice, is tied up alongside Perry's old flagship, the Commodore, here. Only the hull of the old-time terror of the seas remains, practically all her machinery and fittings have been removed, the majority to be sent to the Annapolis naval academy. Her five inch deck gun rests on the which the boat has undergone the warf beside the rust eaten hull.

In spite of the gutting process hull is still worth \$15,000 to \$20,000 as junk, according to Captain Edward A. Evers, naval commandant in the Chicago district. There is a large amount of copper and brass aboard which could be recovered by breaking up the boat. The powerful storage batteries, which formerly ran the U-boat when submerged, are still aboard, and probably will go down when the ship is sunk. Although the batteries are worth several thousand dollars, and an offer has been made for them by a private purchaser the naval department refused to permit the sale.

If the orders to destroy the hull are received the U-97 will be towed out to sea by the gunboat Wilmette formerly the steamer Eastland, which turned over in the Chicago river in 1915, drowning more than 800 excursionists. About twenty miles out in the lake the charts show more than 100 feet of water, and there Captain Evers plans to open up the U-boat's sea-cocks and then batter her to pieces with shells from the Wilmette's five inch guns.

## Don't Be Content with "Hobson's Choice!"

More than a hundred years ago, Toby Hobson of Cambridge kept the only horses for hire in town. But his customers had no choice save to take the horse nearest the door, whether little or much to their liking.

So "Hobson's Choice" has come to mean: "Take this or none!"

Today, through the advertisements in this and other papers, you have all the world to choose from. Yes, through Advertisements the world comes to your door with its wares. Advertisements give you the opportunity for comparison and selection of almost anything you want or need.

Advertisements are an accurate index of what other people are buying, selling, wearing, eating, doing, learning; of what the world is accomplishing and how, where and by whom it is being accomplished.

Form the habit of reading advertisements just as regularly as you read the front page. You will find it profitable and mightily interesting as well.

MASONS WILL DEDICATE HOME

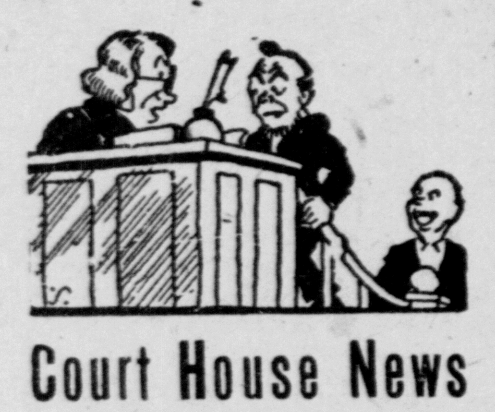

Scottish Rite Proud of the Dormitory Given Okla. University.

By News' Special Service: NORMAN, Oct. 4.—Cornerstone ceremony for the \$225,000 Masonic boys' dormitory at the University of Oklahoma will be held at 3:30 o'clock Monday afternoon, October 11, according to an announcement sent out this week by William Perry Freeman, 33 deg. Hon. Deputy of the Supreme Council for Oklahoma. Invitations to all consistory Masons in Oklahoma have been mailed from McAlester, according to Mr. Freeman. The grand lodge will be opened in the state university auditorium, followed by a parade around the university oval to the new dormitory—the first of its kind in the United States. Mr. Freeman will be in charge of the ceremonies. Gov. J. B. A. Robertson and his staff, the state university board of regents, Frank A. Derr, Guthrie, Grand Master of Masons of Oklahoma, and many past grand masters of Oklahoma, will attend, according to H. L. Muldrow, Norman, a member of the building committee, and himself a past grand master of Indian Territory and also of the state of Oklahoma. A special holiday will be declared at the state University by Stratton D. Brooks, president, and Norman business houses will close during the ceremonies. Included in the parade will be officials of the Oklahoma Grand Lodge, representatives of the McAlester and Guthrie consistories, the McAlester consistory band from Tulsa, the state university military band, Acadia, university student Masonic fraternity, Acoth, university women's Eastern Star sorority, the Norman Blue Lodge and other Norman Masonic bodies, and also visiting Masons from over the state. The Indian Consistory at McAlester was the first Consistory in the United States to initiate a movement to build dormitories at a state educational work on the state university boys' dormitory was started during the spring of 1920, and the committee in charge believe that it will be completed by January 1, 1921. One hundred and fifty students will be housed in the new dormitory. Additional building sites have been purchased by the McAlester Consistory where a girls' dormitory and also a cafeteria will be erected as soon as possible. Other consistories have followed Oklahoma's example and plans are now under way for the erection of similar buildings at the university of Texas, Austin, and the university of Missouri, Columbia.

The students of the business college are going to give a pie supper next Thursday night. All friends and former students of the college are invited to attend and help make the supper a success. The proceeds will be used to buy the basketball equipment for the college basketball team. The college expects to have a team that will be able to defeat any high school team in this part of the state. Handy. "I say, Jock, what are those waterproof gloves for?" "Why, so that you can wash your hands without gettin' them wet!"

WIVES — READ THIS Here is what J. C. Penney, of the Penney Company Chain Stores has to say in October Good Housekeeping "Unless a woman is right behind her husband and encourages him all the time and is continually spurring him on, she is far more of a handicap than a helpmate, and a man with a wife who is selfish, extravagant and nagging has a mighty hard time ever making a success. He is apt to be continually discouraged and discontented. The kind of man I know and want, the kind of man who has the capabilities and qualities that make him a possible partner for me sometime, is the kind of man who has— and knows that he has—a wife who will go through any hardships to aid him in achieving success. It has often been said that a man can accomplish anything in the world, if he makes up his mind that he wants it hard enough. I have discovered that in addition to a man's wanting it hard enough, his wife has to agree with him and help him attain the object he is striving for. No matter how good his ambition may be, a man who is unhappy in his home life, who is continually nagged and made to do things which he knows are extravagant in money or health, is apt to become discouraged and eventually find himself passing up a future possibility for present extravagance forced upon him by his wife."

Court House News

Fined for Gambling. Ed Price, negro, was given a jury trial in the county court yesterday and found guilty of conducting a gambling house. He was fined \$25 and costs of court. Marriage Licenses. Joseph Doyle, 24, Sasakwa; Edna Brown, 19, Sasakwa. The county court continued trying cases on its criminal docket this morning. The morning was spent in trying the case of the state versus Simon and Patsy Clark, negroes, for violation of the state prohibition law. Most of the cases on docket are for violation of the prohibition law. France Ready To Resume Negotiations With the Germans. PARIS, Oct. 5.—France is ready to resume the direct economic negotiations with Germany, which were interrupted last March. It was stated at the foreign office today these negotiations would have in view the reaching of a final plan for settlement of the reparation problem. The negotiations, it was explained must be conducted within the limit of the principle outlines in the treaty of Versailles. The Salvation Army provided summer outing last year for 1,526 poor mothers and 5,876 children in the southwest and west.

Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of. Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form. EVANT, TEXAS.—"I have used Doctor Pierce's Favorite Prescription. I was run-down and suffered from functional disturbances but 'Favorite Prescription' regulated me. I was so nervous I was miserable and could not sleep at night when I began to use the 'Prescription.' I had not taken a whole bottle until I could sleep well and got as stout as I ever was. I keep a bottle of 'Prescription' on hand and when I work and get tired I take a dose and it strengthens my nerves."—MRS. GEORGIA DEMERIS BERRY

MR. WILSON HOST AT DINNER PARTY

M. C. Wilson, of Steven-Wilson Dry Goods company, was host at a delightful dinner party given last night at the Harris Hotel. Mr. Wilson was entertaining the heads of the various departments in the big, popular store. Among the guests were Mr. Dennis, who has just come to Ada from Mississippi to have charge of the piece goods department. Mr. Dennis enjoys the reputation of being one of the very best in his line. Mr. Chilcutt, who is head of the men's clothing and ready-to-wear, including the shoes, Mr. Bradley, who is head of the bookkeeping department and Mr. Thomas of St. Louis, salesman for Ely-Walker Dry Goods company. The dinner was delightfully appointed and could not but prove a great benefit to the business of the Steven-Wilson firm.

Harris Hotel Closes Cafe. The cafe at the Harris Hotel closed this morning for lack of competent help. The dining room has been operating for several days under difficulties and this morning it was found to be almost necessary to close until help sufficient to properly care for the patronage could be secured.

Says Someone Put Gun and Booze In His Pocket

W. C. Tolson was arrested last night by Sheriff Bob Duncan for being drunk and disorderly. A flask of whiskey and a concealed revolver were found on his person, and he is to be arraigned before Justice H. J. Brown today for disturbing the peace, having intoxicated liquor in his possession and carrying a concealed weapon. Tolson had just left the Roland rooming house when arrested. "Someone put the gun and whiskey in my pocket and shoved me out of the hotel," he managed to tell the sheriff. He was politely informed the judge would listen to his story after the liquor had sufficiently "evaporated" from his system.

"Someone was hugging a woman," he declared as they made their way toward the jail, "and when I came along, they stuck the gun and booze into my pockets and shoved me out."

At Death's Door

"I was talking with my neighbor, Mr. Webb, the other day, regarding the great trouble his stomach had given him. He said he suffered 7 or 8 years, and had been almost at death's door a number of times from acute indigestion and bloating of gas, which seemed to shut off his heart action. He said he wouldn't have lived much longer if he hadn't taken Mayr's Wonderful Remedy when he did, which made a well man of him." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. (Adv)

Senator Borah to Continue Working For Republicans

By the Associated Press. MARION, Oct. 5.—In answer to widely published reports, that Senator Borah, a leader of the "treaty irreconcilables," soon would quit the republican campaign, Senator Harding's headquarters here made public a telegram in which Mr. Borah declared he would continue to work for the republican success. The message addressed to Senator Harding follows: "In view of reports, I wish you to know my speeches in the future will be along the same lines as at Dayton and in the senate. I want to see you win and want to see the league scheme defeated. In my own way I shall devote my time to the achievement of both propositions."

Senator Harding renewed his predictions today that throughout the remainder of the campaign he and Mr. Borah would be found speaking in accord. The nominee also revealed that in his next public address, which is to be delivered Thursday at Des Moines, he expects to develop a step further his position on the league issue.

Prayer Meeting. Prayer meeting will be conducted at the Christian church tomorrow evening. We hope that a goodly number will be present to help make this an interesting service. Chapter seven of the Book of Hebrews will be studied. The first part of the hour will be devoted to praise and prayer. We ought to have fifty people out to this mid-week service.—C. V. Dunn, Minister.

BRUNKS COMEDIANS HAVE A GOOD SHOW

The Brunk's Comedian tent show opened a week's engagement at the big canvass tent on East Main street last night. The first number was fine and a very appreciative audience was present and enjoyed every minute of the show. The company has a splendid brass band that appears on the streets twice each day for an open air concert. In addition to the band the show has a real jazz orchestra that is sure to please everyone. There will be a show each night this week introducing clever actors, actresses, comedians and vaudeville stunts. It is full of fun, laughter and good wholesome entertainment.

Ada High School Football Team To Play Holdenville

The Ada High school football team has invited Holdenville and they have accepted, and the two teams will meet on the High school gridiron here next Friday, October 8. The local team has been working out for several days now and they are confident of putting it across the Holdenville boys in a walk. The Ada High school team has some of the best material they have had for a long time, and they are expecting to capture several laurels before the season is ended. The game Friday promises to be interesting from start to finish.

BIG CIRCUS COMING. Yankee Robinson Big Wild Animal Circus Coming to Town. Yankee Robinson Three Ring Wild Animal circus, the largest wild animal circus in the world, and the second largest show traveling, will exhibit here October 9. This show has twenty lions in one act, has ten polar bears in the arena at one time, has 100 wild animals in parade, more wild animals than most shows carry. Over forty cars are required to transport this mammoth enterprise. The big show is now twice its former size and is exhibiting in all sections of the United States this season. This will be the largest traveling exhibition that will make this part of the country.
